DRUPALCON 2015

DrupalCon is the heartbeat of the Drupal community, an expression of our software innovation, our commitment to collaboration, and our extreme nerdiness. These events convene thousands of people who come together for a week to drain a city of all its coffee and fill a venue with energy, companionship and code unmatched by any other tech community.

Part FOSDEM, part The Next Web, and part college dorm room, DrupalCon is an integral element of the Drupal experience.

Developers, sitebuilders, UX/designers, project managers, business owners, CMS decision makers, job seekers and job givers will be pouring into DrupalCon Barcelona. Together we will unite in celebration of the Drupal 8 release and work together to gain new skills and new friends as we advance the Project.

## DRUPALCON BY THE NUMBERS

The Drupal community is a diverse group, with a variety of interests that span the globe. Thousands of these Drupal enthusiasts will be in attendance at DrupalCon Barcelona.
